

Ages 3–5

Dance • Create • Think • Shine

STARTING WEDNESDAY, SEPTEMBER 16TH

12:30–2:30 PM • 12-WEEK SESSION • \$395

Stepping Stones is a fun and imaginative 2-hour fine arts program designed especially for children ages 3–5. Each class takes little artists on a creative journey through dance, music, theatre, movement, storytelling, visual arts, and hands-on craft time.

Through engaging activities, imaginative play, stories, and learning centres, children will have opportunities to explore their creativity while building confidence, coordination, and social skills. They will also be introduced to numbers, letters, counting, colours, and shapes in fun and meaningful ways that connect naturally with the arts.

Children will have the opportunity to dance and explore movement in our dance studio. Studio time encourages coordination, confidence, creativity, and a love of dance in a fun and supportive environment.

Our program provides a nurturing and exciting environment where children can express themselves while discovering the joy of learning.

**DANCE &
